

# Earth, Space and Environmental Science

by Ms. Boldt

## class syllabus

### materials

1-subject notebook, 100 count

scissors, tape (or glue sticks), and highlighter

### science notebook

goal: a place to record information, process ideas and make connections, keep student work organized and useful for studying.

**studying** earth, space, chemistry, and physical science through experience.

# 4

consider reassessing if score is a 2.

**2 = I need help, demonstrates partial understanding.**

target tests are scored using a 4 point scale.

**4 = I get this very well and can apply it to new problems.**

every **Friday** a target test will be given to assess level of understanding.

### how do I reassess?

1. get target test out of folder and correct it using your notebook.
2. show corrections to Ms. Boldt.
3. and discuss corrections with Ms. Boldt.
4. then, complete a review sheet, study cards, or practice problem to prepare to take the test.
5. set-up a date to reassess... can't be on same day as discussed corrections with Ms. Boldt.

what if Ms. Boldt isn't available to discuss corrections?  
**give corrected test to Ms. Boldt and come back another time to discuss corrections made.**

Need help?

Before class or start of class is a good time to ask brief questions.

Seminar and after school are good times for longer working time.

2 target tests can be reassessed per week. Deadlines for reassessment will be given a week in advance.

grade scale:  
93-100% = A  
90-92% = A-  
87-89% = B+  
83-86% = B  
80-82% = B-  
77-79% = C+  
73-76% = C  
70-72% = C-  
59% or below = F

Quarter Grade:  
70% = Target Tests  
20% = Lab Targets  
10% = Quarter Test

Make-up work is your responsibility. While at home go to the class blog for missing work. If missed a test or a lab then schedule a time to make this up when you get back.
